DALLAS COUNTY, TEXAS

**DEFENDANT CLASSIC K CARROLLTON, LLC D/B/A CLASSIC KIA OF
CARROLLTON'S TRADITIONAL AND NO EVIDENCE MOTION FOR
SUMMARY JUDGMENT**

TO THE HONORABLE JUDGE OF SAID COURT:

COMES NOW, Defendant, CLASSIC K CARROLLTON, LLC D/B/A CLASSIC KIA OF CARROLLTON'S, (hereinafter "Defendant" or "Classic Kia"), in the above-styled and numbered cause and files this Traditional and No Evidence Motion for Summary Judgment regarding all of Plaintiffs' claims against them, and would respectfully show the Court as follows:

**I.
SUMMARY OF ARGUMENT**

Plaintiffs have alleged negligence against all listed Defendants due to the injuries sustained by Plaintiffs' daughter, Sarah Loughran, in a single-vehicle accident. Plaintiffs' contends Defendant Classic Kia was negligent in failing to replace the airbag in Loughran's vehicle prior to the accident. Defendant Classic Kia did not have any interaction with Plaintiffs or Sarah Loughran regarding the subject vehicle. Classic Kia had only one interaction involving the subject vehicle prior to the accident with Co-Defendant Jimmy Sanders. On that one occasion, Classic Kia advised Mr. Sanders the airbag light was on because the airbag module needed to be replaced and the airbag system needed to be rescanned. Classic Kia offered to make the necessary repair with an airbag module in stock. Mr. Sanders declined the repairs and drove the vehicle away. Classic Kia never repaired or serviced the subject vehicle.

Plaintiffs have no evidence Defendant had a duty to provide service or repairs, or that the warranty was applicable to this vehicle. Defendants are entitled to summary judgment on Plaintiff's cause of action against them because there is no evidence to support one or more essential elements necessary for finding that Defendant Classic Kia was negligent.

II. BACKGROUND

This lawsuit arises out of a single car accident that occurred on January 11, 2017. Sarah Loughran was driving a 2013 Kia Soul (VIN# [REDACTED]). Loughran lost control of her vehicle and struck a tree. As a result of the collision, Loughran sustained fatal injuries. Plaintiffs are the parents of Sarah Loughran. Plaintiffs contend all listed Defendants, including Classic Kia were negligent by one or more of the following:

1. Making representations and/or failing to inform (failure to warn) Plaintiffs regarding the vehicle;
2. Negligent in the vehicle's repair;
3. Negligent in modifications to the vehicle;
4. Negligent in supervision;
5. Negligent in quality control;
6. Negligent in maintenance;
7. Negligent in service;
8. Failing to properly inspect the safety of the vehicle;
9. Failing to properly inspect for, repair, and/or report safety hazards; and/or
10. Failing to properly inspect the safety systems in the vehicle.¹

III. TRADITIONAL MOTION FOR SUMMARY JUDGMENT

A. Standard for Traditional Motion for Summary Judgment

The purpose of a summary judgment is to eliminate unmeritorious claims or untenable defenses.² Summary judgment is proper as a matter of law when no genuine issues of material fact exist.³ A defendant can prevail on a motion for summary judgment when it establishes, as a matter of law, that there are no issues of material fact concerning one or more elements of a plaintiff's cause of action.⁴ A defendant can also prevail on a motion for summary judgment if

¹ Exhibit A, Plaintiff's Original Petition.

² *Gulbenkian v. Penn*, 252 S.W.2d 929, 931 (Tex. 1952).

³ *N.N.P. Ltd. v. Jones*, 710 S.W.2d 59, 60 (Tex. 1986).

⁴ *Science Spectrum v. Martinez*, 941 S.W.2d 910, 911 (Tex. 1997).

every element of an affirmative defense is conclusively established.⁵ In deciding whether a material issue precludes summary judgment, all evidence favorable to the nonmovant must be taken as true and all reasonable inference, including any doubt, must be resolved to the nonmovant's favor.⁶

B. Evidence in Support of Summary Judgment

Defendants' Traditional Motion for Summary Judgment is based on the pleadings and other documents on file with the Court, and on other summary judgment evidence the Court may properly consider. Specifically, Defendants rely upon the following evidence:

Exhibit A: Plaintiffs' Third Amended Petition.

Exhibit B: Affidavit of David Lancaster on behalf of Defendant Classic Kia, and attached documents listed as Classic K 00001-00255.

C. Defendant can negate Plaintiffs' claims of negligence:

Plaintiffs have no evidence to support any of their claims against Classic Kia. Plaintiffs merely assert a few general statements with very little substance to support their claims of negligence against Defendant Classic Kia.

Defendant Classic Kia had only one contact or interaction with the subject vehicle, the 2013 Kia Soul (VIN# [REDACTED]). On December 5, 2016, Co-Defendant Jimmy Sanders brought the subject vehicle into the Classic Kia service department located at 2 [REDACTED] [REDACTED]. Mr. Sanders indicated there were three service requests to address: (1) the airbag light was on; (2) the rear seat behind the driver's side was coming up; and (3) interior door handle needed to be replaced.⁷

⁵ *Randall's Food Mkts., Inc. v. Johnson*, 891 S.W.2d 640, 644 (Tex. 1995).

⁶ *Nixon v. Mr. Property Mgmt., Co., Inc.*, 690 S.W.2d 546, 548 49 (Tex. 1985).

⁷ Exhibit B, Affidavit of Classic Kia

After performing the diagnostic scan and evaluation, Classic Kia discovered: (1) the diagnostic reading of the front airbag indicated a crash was recorded in full state. The airbag module had to be replaced and the airbag system would then need to be rescanned; (2) the rear seat bottom of the driver side rear seat was damaged and needed to be replaced; and (3) the interior door handle needed to be replaced.⁸

Classic Kia advised Mr. Sanders that Classic Kia had an airbag module in stock. The cost of the module was \$578.67, and with two hours of labor; the total cost was estimated at \$822.67. It was indicated that after replacing the airbag module; Classic Kia would need to rescan the module to make sure the airbag and the system was working properly. The rear seat bottom was not in stock and would cost \$809.06, and with one hour of labor; the total cost of the rear seat was estimated at \$931.06. The interior door handle was no in stock and would need to be ordered. The handle was under warranty, and no estimated cost of repair was provided.⁹ **As indicated on the pre-invoice accounting form, Mr. Sanders declined to repair the airbag and the rear seat.** A service advisor would contact Mr. Sanders when the special order part (interior handle) arrived.¹⁰ According to the Classic Kia records, Classic Kia did not have any further contact with Jimmy Sanders regarding the subject vehicle.¹¹

The cost to replace the airbag module was \$822.67. The replacement module was not under warranty because the subject vehicle had been involved in a previous accident. All components of a new Kia vehicle are covered under a Basic Limited Warranty Coverage. An exception is “accidents and incidents that damage your Kia vehicle, including but not limited to collision, fire,

⁸ Id.

⁹ Id.

¹⁰ Id.

¹¹ Id.

theft, riot.”¹² The date provided on the CARFAX report obtained by Classic Kia was that the accident occurred on June 13, 2016. The notes indicate the front airbag deployed in the June 13, 2016 accident.¹³

1. Defendant warned Plaintiffs or Plaintiffs Representatives of the airbag replacement.

Defendant has no record or documents of meeting or talking with Plaintiffs or Sarah Loughran regarding the subject vehicle. Defendant’s one-and-only interaction about the subject vehicle was with Jimmy Sanders.

Defendant advised Mr. Sanders about the defect of the airbag in the subject vehicle. The customer signature listed on the bottom of the invoice form (Classic K 00002) indicates Mr. Sanders was advised of the necessary replacement and repairs. **Mr. Sanders declined to repair the airbag.**¹⁴

2. Defendant was not negligent in the vehicle’s repair.

As indicated on the service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module. Defendant even had the airbag module in stock to perform the replacement and repair. **Mr. Sanders declined to repair the airbag.**¹⁵

3. Defendant was not negligent in the modifications of the vehicle.

As previously indicated through the service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module.

¹² Id. and Classic K 00151.

¹³ Id and Classic K 00026.

¹⁴ Id. and Classic K 00002.

¹⁵ Id.

Defendant even had the airbag module in stock to perform the replacement and repair. **Mr. Sanders declined to repair the airbag.**¹⁶

4. Defendant was not negligent in supervision.

Defendant provided the correct and proper assessment regarding the diagnosis of the airbag codes. Defendant informed and advised Mr. Sanders that the airbag module needed to be replaced and the airbag system needed to be rescanned. **Mr. Sanders declined to repair the airbag.**¹⁷

5. Defendant was not negligent in quality control.

The service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module. Defendant even had the airbag module in stock to perform the replacement and repair. **Mr. Sanders declined to repair the airbag.** Defendant provided the correct and proper assessment regarding the diagnosis of the airbag codes. Defendant informed and advised Mr. Sanders that the airbag module needed to be replaced and the airbag system needed to be rescanned. **Mr. Sanders declined to repair the airbag.**¹⁸

6. Defendant was not negligent in maintenance.

As indicated on the service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module. Defendant even had the airbag module in stock to perform the replacement and repair. Defendant was not negligent in performing any maintenance because Mr. Sanders removed the vehicle before the work was performed, and **Mr. Sanders declined to repair the airbag.**¹⁹

¹⁶ Id.

¹⁷ Id.

¹⁸ Id.

¹⁹ Id.

7. Defendant was not negligent in service.

As indicated on the service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module. Defendant even had the airbag module in stock to perform the replacement and repair. **Mr. Sanders declined to repair the airbag.** Defendant was not negligent in providing any service because Classic Kia presented the replacement option to Mr. Sanders, including the cost of the airbag module, and **Mr. Sanders declined to repair the airbag.**²⁰

8. Defendant did not fail to properly inspect the safety of the vehicle.

Defendant performed the proper evaluation and diagnostic codes regarding the replacement and repair of the airbag module. Had Defendant been permitted to replace the airbag module, as a safety precaution and as part of the service provided, Defendant would have performed a scan of the entire airbag system to ensure the system was in good working order. Defendant could not provide any further service or inspections, after **Mr. Sanders declined to repair the airbag.**²¹

9. Defendant did not fail to properly inspect for, repair, and/or report safety hazards.

As previously stated, as indicated on the service records provided by Classic Kia, Defendant Classic Kia offered to make the necessary repairs to replace and rescan the airbag module. Defendant even had the airbag module in stock to perform the replacement and repair. Mr. Sanders declined. Defendant was not negligent in providing any service because Classic Kia presented the replacement option to Mr. Sanders, including the cost of the airbag module. Defendant reported the safety hazards to Mr. Sanders, and **Mr. Sanders declined to repair the airbag.**²²

²⁰ Id.

²¹ Id.

²² Id.

10. Defendant failed to properly inspect the safety systems on the vehicle.

As indicted in the service records, Defendant provided the proper evaluation and diagnostic assessment of the airbag system. The invoice provided by Defendant in Classic K 00001 indicated Diagnostic Trouble Code B1670 was reported which indicated “crash recorded in full stage.” The recommendation was to replace the airbag module and rescan the airbag system once the replacement was complete. However, **Mr. Sanders declined to repair the airbag.**²³

Based on the foregoing, Defendants are entitled to summary judgment on Plaintiff’s negligence claims as a matter of law.

**IV.
NO EVIDENCE MOTION FOR SUMMARY JUDGMENT**

A. No-Evidence Standard of Review

The standard for the granting of a no-evidence motion is well established. After an adequate time for discovery, the party without the burden of proof may, without presenting evidence, move for summary judgment on the ground that there is no evidence to support an essential element of the nonmovant's claim or defense.²⁴ The motion must specifically state the elements for which there is no evidence.²⁵ The trial court must grant the motion unless the nonmovant produces summary judgment evidence that raises a genuine issue of material fact as to the challenged elements.²⁶ To avoid summary judgment, the non-moving party must show more than conclusory allegations, improbable inferences, speculation, or subjective beliefs and feelings.²⁷ Speculation does not a raise a fact issue.

²³ Id.

²⁴ TEX. R. CIV. P. 166a(i).

²⁵ Id.

²⁶ TEX. R. CIV. P. 166a(i); *Jackson v. Fiesta Mart, Inc.*, 979 S.W.2d 68, 71 (Tex. App.—Austin 1998, no pet.).

²⁷ *Greathouse v. Alvin Indep. Sch. Dist.*, 17 S.W. 3d 419, 425 (Tex.App.—Houston [1st Dist.] 2000, no pet).

B. An Adequate Time for Discovery Has Passed

A no evidence motion for summary judgment may be filed after the nonmovant has had an adequate time for discovery.²⁸ It is not necessary that discovery be completed.²⁹ Whether a nonmovant has had an adequate time for discovery when a no evidence motion for summary judgment is filed before the end of the discovery period is case specific.³⁰ Among the factors a court may examine in determining whether a nonmovant has had an adequate time for discovery are the nature of the claim and the evidence necessary to controvert the motion.³¹

In the present case, an adequate time for discovery has passed: the incident forming the basis of this lawsuit occurred on or about January 11, 2017. Plaintiffs filed their original lawsuit on March 20, 2018. Discovery has been exchanged among the parties.

C. Plaintiffs Have No Evidence to Support Their Claims of Negligence Against Defendant Classic Kia

To establish a claim for negligent against Defendant, Plaintiffs must prove: 1.) Defendant owed a legal duty to Plaintiffs; 2.) Defendant breached the duty; and 3.) Defendant's breach proximately caused Plaintiffs' injuries.³² Plaintiffs have no evidence Defendant breached any duty owed to Plaintiffs or that Defendants' alleged breached proximately caused Plaintiffs' injuries.

Defendant Classic Kia had only one encounter with the subject vehicle. Defendant was asked to provide an assessment of the reason why the airbag light was on. Defendant reported to Jimmy Sanders, the individual who bought the subject vehicle to Class Kia. Defendant informed Jimmy Sanders that the airbag module needed to be replaced and the airbag system needed to be

²⁸ TEX. R. CIV. P. 166a(i); *Morehouse v. Chase Manhattan Bank*, 76 S.W.3d 608, 612 (Tex. App.—San Antonio 2002, no pet.).

²⁹ *Specialty Retailers, Inc. v. Fuqua*, 29 S.W.3d 140, 145 (Tex. App.—Houston [14th Dist.] 2000, pet denied).

³⁰ *Restaurant Teams Int'l, Inc. v. MG Sec. Corp.*, 95 S.W.3d 336, 339 (Tex. App.—Dallas 2002, no pet.).

³¹ *Id.*

³² *Nabors Drilling, U.S.A., Inc. v. Escoto*, 288 S.W.3d 401, 404 (Tex. 2009).

rescanned. **Jimmy Sanders declined to repair the airbag.** Although Classic Kia had the airbag module part in stock, **Jimmy Sanders declined the repair work to the airbag module.**

Defendant would show the court that Plaintiffs have failed to marshal legally sufficient evidence and Plaintiffs have no evidence to support the following necessary elements of their negligence claims that Defendant was negligent in the following manner:

1. Making representations and/or failing to inform (failure to warn) Plaintiffs regarding the vehicle;
2. Negligent in the vehicle's repair;
3. Negligent in modifications to the vehicle;
4. Negligent in supervision;
5. Negligent in quality control;
6. Negligent in maintenance;
7. Negligent in service;
8. Failing to properly inspect the safety of the vehicle;
9. Failing to properly inspect for, repair, and/or report safety hazards; and/or
10. Failing to properly inspect the safety systems in the vehicle

Therefore, Plaintiffs fail in their negligence claims against Defendant and Defendant is entitled to judgment as a matter of law.

WHEREFORE PREMISES CONSIDERED, Defendant prays that this Honorable Court set this Motion for hearing and upon hearing thereof, that the Court grant Defendant's Traditional and No-Evidence Motion for Summary Judgment and find that Plaintiff is not entitled to any recovery against Defendant, that Plaintiffs take nothing as against them, and for any and all other and further relief to which it may show itself to be justly entitled.

Respectfully submitted,

WALTERS, BALIDO & CRAIN, L.L.P.

IN THE DISTRICT COURT

162nd JUDICIAL DISTRICT

DALLAS COUNTY, TEXAS

AFFIDAVIT OF DAVID LANCASTER

STATE OF TEXAS §
§
COUNTY OF DALLAS §

BEFORE ME, the undersigned authority, a Notary Public in and for said County and State,
on this day personally appeared David Lancaster, who, being by me first duly sworn, deposed and
stated as follows:

1. My name is David Lancaster. I am more than eighteen (18) years of age and competent and duly qualified to make this Affidavit. I have personal knowledge of all the facts set forth in this Affidavit, and all facts are true and correct.
2. I am the general manager of Classic K of Carrollton, LLC d/b/a Classic Kia of Carrollton ("Classic Kia"). In this role, I have personal knowledge of all contracts, agreements, work orders, and invoices entered into by myself or Classic Kia's agents on behalf of Classic Kia. In the course and scope of Classic Kia, I am familiar with documents approved on behalf of Classic Kia.

3. I am the custodian of records of Classic Kia and a qualified witness for the attached records. Attached hereto are 255 pages of records from Classic Kia, attached hereto as Exhibit "A." These 255 pages are kept by Classic Kia in the regular course of business, and it was the regular practice of Classic Kia for an employee or representative of Classic Kia with knowledge of the act, event, condition, opinion, or diagnosis recorded to make the records or to transmit information thereof to be included in such records; and the records were made at or near the time or reasonably soon thereafter. The records attached hereto are the original or exact duplicates of the original records. (Classic K 00001-000255).
4. I have reviewed the Classic Kia invoice records, work order, warranty coverage, service write up, estimate, e-Report Case List, CARFAX vehicle history report, and 2013 Warranty and Consumer Information Manual. (Classic K 00001-00012, 00024-00028, 00141-00255). The documents reveal that on December 5, 2016, Jimmy Sanders brought the 2013 Kia Soul (VIN [REDACTED]) ("Kia Soul" or "subject vehicle") to the service department of Classic Kia located at [REDACTED] Mr. Sanders reported three (3) complaints regarding the Kia Soul: 1) the airbag light was on; 2) the driver side rear seat was coming loose and could be lifted up; and 3) the interior door handle needed replacement. Classic Kia performed a diagnostic scan and evaluation. The diagnostic reading of the front airbag reported Diagnostic Trouble Code B1670, which indicated a crash recorded in full stage (frontal replace supplemental restraints system control module, "SRSCM"). To the employees of Classic Kia, the diagnostic reading indicated the Kia Soul had been involved in a prior collision in which the front air bag had deployed. The vehicle damage to the Kia Soul had been repaired from the previous accident; however, the air bag module had not been replaced or was not properly working at the time Classic Kia performed the diagnostic evaluation on December 5, 2016.
5. All components of a new Kia Vehicle are covered under the Basic Limited Warranty Coverage for 60 months/60,000 miles from the date of the first service, whichever comes first, except as limited or excluded per the Warranty and Consumer Information Manual (Classic K 00147). The Power Train Coverage applies to the vehicle's original owner. (Classic K 00147)). The following items not covered under the Basic Limited Warranty include, but are not limited to, damage due to factors beyond the manufacturer's control. An example is "accidents and incidents that damage your Kia vehicle including but not limited to collision, fire, theft, riot." (Classic K 00151).
6. Prior to performing any warranty repair, the dealer must validate warranty coverage. A copy of the warranty coverage screen must be attached to the shop's copy of the repair order. (Classic K 00007-00009). The warranty coverage screen indicates a Basic Warranty coverage and Powertrain coverage were purchased by the Original Owner when the subject vehicle was first sold on December 19, 2012 by the selling dealership, Patterson Kia of Arlington. The warranties expired on December 19, 2017. (Classic Kia 0007-0009.) However, when Classic Kia performed the diagnostic scan and evaluation; it was determined that the subject Kia Soul had previously been involved in a prior collision that caused damage to the airbag module when the airbags deployed in a previous accident. This information was determined from the diagnostic reading of the front airbag which

indicated Diagnostic Trouble Code B1670, crash recorded in full stage. Because of the prior accident that caused damage to the original airbag module; the airbag module evaluated by Classic Kia on December 6, 2016 was no longer included under the Basic Warranty coverage.

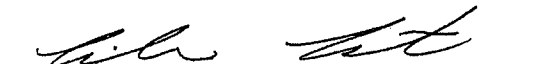

7. To resolve the three complaints reported by Mr. Sanders, Classic Kia recommended: 1) the air bag module to be replaced and the air bag system to be rescanned; 2) the rear seat bottom to be replaced; and 3) the interior door handle to be replaced. Classic Kia had the air bag module in stock, but the rear seat bottom and door handle were not in stock.
8. The cost of the air bag module was \$578.67 and would require about two (hours) of labor. The total cost to replace the air bag module and rescan the module to make sure the rest of the airbag system was functioning properly was \$822.67. The rear seat bottom was not in stock. Classic Kia could order the seat bottom for the cost of \$809.06 and it would require one (1) hour of labor. The total cost to replace the rear seat was \$931.06. The interior handle was not in stock and a replacement would need to be ordered at no cost to the customer. The interior handle was to be ordered and Mr. Sanders would be contacted by a service advisor when the part arrived. The foregoing information was provided to Mr. Sanders per the invoice and work order. **Mr. Sanders declined to repair the airbag or the rear seat bottom.** Classic Kia never serviced, evaluated, or repaired the subject vehicle after the December 5, 2016 diagnostic evaluation and recommendation. Classic Kia has no records or documents that indicate Classic Kia ever communicated or had any contact with Donald Loughran, Linda Loughran or Sarah Loughran
9. After the lawsuit was filed, Classic Kia obtained a CARFAX report on the Kia Soul. The CARFAX reported: "On June 13, 2016, the Kia Soul was involved in a rear-end collision with another motor vehicle. Moderate front damage was reported. The vehicle was towed. The front airbag deployed." (Classic Kia 00026).

Further, Affiant sayeth naught.

David Lancaster, General Manager
Classic K of Carrollton, LLC d/b/a

EXCLUSION OF WARRANTIES

Any warranties on the parts and accessories sold hereby are made by the manufacturer. The undersigned purchaser understands and agrees that dealer makes no warranties of any kind, express or implied, and disclaims all warranties, including warranties of merchantability or fitness for a particular purpose, with regard to the parts and/or accessories purchased; and that in no event shall dealer be liable for incidental or consequential damages or commercial losses arising out of such purchase. The undersigned purchaser further agrees that the warranties excluded by dealer, include, but are not limited to any warranties that such parts and/or accessories are of merchantable quality or that they will enable any vehicle or any of its systems to perform with reasonable safety, efficiency, or comfort.

AUTHORIZATION FOR REPAIRS

I hereby authorize the repair work herein set forth to be done along with the necessary material and agree that you are not responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft or any other cause beyond your control or for any delays caused by unavailability of parts or delays in parts shipments by the supplier or transporter. I hereby grant you and/or your employees permission to operate the vehicle herein described on streets, highways or elsewhere for the purpose of testing and/or inspection. An express mechanic's lien is hereby acknowledged on above vehicle to secure the amount of repairs thereto. The dealership is not responsible for damages from freezing due to lack of antifreeze.

Total loss vehicle

2 Previous owners

7 Service history records

Personal vehicle

Last owned in Texas

49,254 Last reported odometer reading

This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 4/19/18 at 3:10:10 PM (EDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Ownership History		
The number of owners is estimated		
	Owner 1	Owner 2
Year purchased	2013	2017
Type of owner	Personal	Personal
Estimated length of ownership	4 yrs. 3 mo.	1 year
Owned in the following states/provinces	Texas	Texas
Estimated miles driven per year	12,578/yr	---
Last reported odometer reading	49,213	49,254

Title History		
CARFAX guarantees the information in this section		
	Owner 1	Owner 2
Salvage Junk Rebuilt Fire Flood Hail Lemon	No Problem	No Problem
Not Actual Mileage Exceeds Mechanical Limits	No Problem	No Problem

CARFAX Additional History		Owner 1	Owner 2
Not all accidents / issues are reported to CARFAX			
Total Loss Total loss reported on 01/11/2017.		Total Loss Reported	No New Issues Reported
Structural Damage No structural damage reported to CARFAX.		No Issues Reported	No Issues Reported
Airbag Deployment Airbag deployment reported on 06/13/2016.		Airbag Deployment	No New Issues Reported
Odometer Check No indication of an odometer rollback.		No Issues Indicated	No Issues Indicated

Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 4/19/18 at 3:10:10 PM (EDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Airbag Deployment

Occurs when the driver, passenger or side airbag has been used or deployed during a crash or other incident. If an airbag has been deployed, it must be replaced by a qualified technician. Have this car inspected by a mechanic prior to purchase. Use CARFAX Airbag Tips to make sure this vehicle's airbag system is functional.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Total Loss Vehicle

An insurance or fleet company declares a vehicle a total loss when a claim exceeds approximately 75% of its pre-damage value or if the vehicle is stolen and not recovered. This damage threshold varies by company. These companies typically take possession and obtain the title. Not all total loss vehicles result in a DMV-reported branded title. This may occur when an insurance company's definition of a total loss is different than the state DMV's definition for a branded title or when the owner of the vehicle is a self-insured company, like a fleet or rental company.
