RE: 2011 Labor Rate Survey

Ladies and Gentlemen:

Please find our attached Labor Rate Survey, completed by the Wawanesa Insurance Group, in compliance with Section 2698.91 of the California Code of Regulations and Section 758 (c) of the California Insurance Code.

You will find that this letter and attached labor rate study includes the following information as dictated by Section 2698.91:

- 1. The name of each auto body repair shop surveyed in the Labor Rate Survey and the labor rate amount charged by that particular shop.*
- 2. The address of each auto body repair shop surveyed in the Labor Rate Survey.*
- 3. The total number of shops surveyed in the in the Labor Rate Survey and the total number of shops that responded to the survey.*
- 4. The prevailing rate determined and set by the insurer for each geographic area surveyed.*
- 5. A description of the specific geographic area covered by the prevailing labor rate reported and the number of shops surveyed within the specific geographical area.*
- 6. A description of the formula used by the insurer to determine and set the specific prevailing Auto Body rate reported for each specific geographic area.*
- 7. The date the survey was completed.*

Our labor rate study incorporates six geographic regions in California and breaks them down into seventeen areas within each region. These are the primary areas in which Wawanesa Insurance Company does its business. A total of 460 shops were surveyed, all of whom responded to the survey. Their labor rates are divided into 6 different categories. They are as follows:

- 1. Body Labor Rate*
- 2. Paint Labor Rate*
- 3. Frame Labor Rate*
- 4. Mechanical Labor Rate*
- 5. Paint Materials Labor Rate*
- 6. Daily Storage Rate*

Every shop in each geographic area surveyed is listed with the labor rates that they charge. In addition, we have listed the zip codes covered in each geographic area. For your information, the labor rates for each of the 460 shops in our survey were obtained by this office during the month of March, 2011. In determining the prevailing labor rates for each geographical area, we simply averaged all of the rates of all of the shops surveyed and arrived at an actual average for each labor rate. Each actual average was rounded up or down to the nearest dollar to arrive at a "rounded average" labor rate for body, paint, paint materials, frame, mechanical, and storage, and these rounded averages are listed on the cover sheets for each geographic area.

The following is a list of the nine geographic regions, the areas broken down within the larger, more concentrated regions, and the total number of shops surveyed in each region:

Los Angeles Region – 117 shops divided into six areas

West L.A.

East L.A.

San Fernando Valley West

San Fernando Valley East

San Gabriel Valley

South Bay

Inland Empire Region – 48 shops

Orange County Region – 65 shops divided into two areas

Orange County North

Orange County South

San Diego County Region - 84 shops divided into three areas

San Diego County North

San Diego County Central

San Diego County South

Sacramento Region – 34 shops

San Francisco Bay Region – 28 shops

San Jose Region – 27 shops

Santa Rosa Region – 24 shops

Oakland Region – 33 shops

In total, there were 460 shops studied. Some are Direct Repair Program facilities, but the labor rates listed for each D.R.P. are the non-contracted rates of these repair facilities. These are the rates that would be charged to any walk-in customer asking for an estimate arising from a non-insurance accident. None of the labor rates found in our studies are discounted rates available to the Wawanesa Insurance Group.

In this letter, our reference to the Wawanesa Insurance Group is a reference to Wawanesa Mutual Insurance Company and Wawanesa General Insurance Company. The number of shops studied and our selected areas of concentration is a reflection of business we do in the state of California, particularly in the Southern California area. We feel that the 460 repair facilities in this study serve as an adequate number of shops necessary to represent equitable prevailing labor rates.

This information is sent to you for your records and will be kept at our headquarters at 9050 Friars Road, San Diego, CA 92108 for any Market Conduct survey that is later conducted by your Department. If there are any questions relative to our Labor Rate Survey, please direct those questions to the undersigned at (858) 874-5356 Monday through Friday, between the hours of 8:00 a.m. and 4:30 p.m.

Sincerely,

WAWANESA INSURANCE COMPANY

Justin M. Treul
Claims Manager
