Subject: 2011 Auto Body Labor Rate Survey
Ca. Code Regulation 2698.91

Re: Infinity Insurance California Labor Rate Survey

2011 Infinity Insurance California Labor Rate Survey

As an auto insurance company actively doing business in the State of California, we Infinity Insurance Property and Casualty asked that our attached vehicle repair labor rate survey be posted as a publicly recorded document for 2011.

In following the Ca. Code 2698.91 under the stated guidelines our Infinity Labor Rate Survey for 2011 is supported by 2091 individual completed surveys of state registered auto body repair facilities. The geographical areas have been broken down by major regions within the state which are relative to our customer coverage and the number of available repair facility locations. Each sub regions have individual rate levels listed which have been determined by the average of each completed survey by category of all repair facilities located within that sub-region.

We have distributed instructions to our staff to clarify that any requests to review the public data of our 2011 survey are to be completed in writing and sent to the address listed below. If the address listed has been change please send us an updated location so we can distribute the revised location to our staff.
