RE: 2015 Labor Rate Survey

Ladies and Gentlemen:

Wawanesa General Insurance Company has completed a Labor Rate Survey, which accompanies this letter. This Labor Rate Survey was completed in compliance with the California Code of Regulations, Title 10, Chapter 9, Article 7, Section 2698.91 and Section 785(c) of the California Insurance Code.

You will find that this letter and attached labor rate study includes the following information as dictated by Section 2698.91:

1. The name of each auto body repair shop surveyed in the labor rate survey;
2. The address of each auto body repair shop surveyed in the labor rate survey;
3. The total number of shops surveyed in the labor rate survey;
4. The prevailing rate established by the insurer for each geographic area surveyed;
5. A description of the specific geographic area covered by the prevailing labor rate reported.
6. A description of the formula or method the insurer used to calculate or determine the specific prevailing auto body rate reported for each geographic area.

Our labor rate study incorporates 12 geographic regions in California. Some of the larger regions, such as Los Angeles, San Diego, Orange County, and the Inland Empire are broken down into areas, with prevailing labor rates for those areas. The 12 geographic regions are the primary areas in which Wawanesa General Insurance Company conducts its business. A total of 437 shops were surveyed, all of whom responded to the survey. Their labor rates are divided into 8 different categories:

1. Body Labor Rate
2. Refinish (Paint) Labor Rate
3. Frame Labor Rate
4. Mechanical Labor Rate

5. Aluminum Labor Rate
6. Paint Materials Labor Rate
7. Daily Storage Rate (Inside)
8. Daily Storage Rate (Outside)

Each shop in the geographic areas surveyed is listed with the labor rates that they charge. In addition, we have listed the zip codes associated with each geographic area. In determining the prevailing labor rates in each geographic area, we calculated the mean labor rates of all the surveyed shops.

The following is a list of the 12 geographic regions, the areas broken down within the larger, more concentrated regions, and the total number of shops surveyed in each region:

Los Angeles Region – 158 shops divided into 7 areas

West L.A.

East L.A.

San Fernando Valley West

San Fernando Valley East

San Gabriel Valley

South Bay

Ventura County

Inland Empire Region - 41 shops divided into two areas

Inland Empire North

Inland Empire South

Orange County Region – 42 shops divided into two areas

Orange County North

Orange County South

San Diego Region – 62 shops divided into three areas

San Diego North

San Diego Central

San Diego South

Low Desert Region – 15 shops

High Desert Region – 9 shops

Fresno Region – 17 shops

Sacramento Region – 19 shops

San Francisco Bay Region – 19 shops

San Jose Region – 16 shops

Santa Rosa Region – 18 shops

Oakland Region – 21 shops

In total, there were 437 shops studied. While some are Direct Repair Facilities, the labor rates listed for each DRP are the non-contracted rates of these repair facilities. These are the rates that would be charged to any insurance company completing estimates for their policyholders. None of the labor rates found in our studies are discounted rates available to Wawanesa General Insurance Company.

The number of shops studied and our selected areas of concentration are a reflection of business we do in the State of California, particularly in the Southern California area. We feel that the 437 repair facilities in this study serve as an adequate number of shops necessary to represent equitable prevailing labor rates.

This information is sent to you for your records and will be kept at our headquarters at 9050 Friars Road, San Diego, CA 92108 for any Market Conduct Survey that is later conducted by your Department. If there are any questions relative to our Labor Rate Survey, please direct those questions to the undersigned at (858) 874-5352, Monday through Friday, between the hours of 8:00 a.m. and 4:30 p.m.

Sincerely,

Wawanesa General Insurance Company

David K. Calarco
