RE: 2013 Labor Rate Survey

Ladies and Gentlemen:

Wawanesa General Insurance Company has completed a Labor Rate Survey, which you may find attached hereto. This Labor Rate Survey was completed in compliance with the California Code of Regulations, Title 10, Chapter 5, Subchapter 9, Article 7, Section 2698.91 and Section 785(c) of the California Insurance Code.

You will find that this letter and attached labor rate study includes the following information as dictated by Section 2698.91:

- 1. The name of each auto body repair shop surveyed in the Labor Rate Survey and the labor rate amount charged by that particular shop.**
- 2. The address of each auto body repair shop surveyed in the Labor Rate Survey.**
- 3. The total number of shops surveyed in the Labor Rate Survey and the total number of shops that responded to the survey.**
- 4. The prevailing rate determined and set by the insurer for each geographic area surveyed.**
- 5. A description of the specific geographic area covered by the prevailing labor rate reported and the number of shops surveyed within the specific geographic area.**
- 6. The date the survey was completed.**

Our labor rate study incorporates nine geographic regions in California and breaks them down into eighteen areas within each region. These are the primary areas in which Wawanesa General Insurance Company conducts its business. A total of 430 shops were surveyed, all of whom responded to the survey. Their labor rates are divided into 7 different categories:

- 1. Body Labor Rate**
- 2. Paint Labor Rate**
- 3. Frame Labor Rate**
- 4. Mechanical Labor Rate**
- 5. Aluminum Labor Rate**
- 6. Paint Materials Labor Rate**
- 7. Daily Storage Rate**

Each shop in the geographic areas surveyed is listed with the labor rates that they charge. In addition, we have listed the zip codes associated with each geographic area. For your information, the labor rates for each of the 430 shops in our survey were obtained by this office during the month of May, 2013. In determining the prevailing labor rates in each geographic area, we simply averaged all of the rates of all of the surveyed shops and arrived at an actual average for each labor rate. Each actual average was rounded up or down to the nearest dollar to arrive at a "rounded average" labor rate for the above-referenced categories, and these rounded averages are summarized at the end of each surveyed region.

The following is a list of the nine geographic regions, the areas broken down within the larger, more concentrated regions, and the total number of shops surveyed in each region:

**Los Angeles Region – 137 shops divided into six areas**

West L.A.

East L.A.

San Fernando Valley West

San Fernando Valley East

San Gabriel Valley

South Bay

**Inland Empire Region – 40 shops divided into two areas**

Inland Empire North

Inland Empire South

**Orange County Region - 60 shops divided into two areas**

Orange County North

Orange County South

**San Diego Region – 76 shops divided into three areas**

San Diego North

San Diego Central

San Diego South

**Wawanesa**  
Insurance

California Department of Insurance  
June 19, 2013  
Page 3 of 3

**Sacramento Region – 35 shops**

**San Francisco Bay Region – 20 shops**

**San Jose Region – 17 shops**

**Santa Rosa Region – 23 shops**

**Oakland Region – 22 shops**

In total, there were 430 shops studied. While some are Direct Repair Facilities, the labor rates listed for each D.R.P. are the non-contracted rates of these repair facilities. These are the rates that would be charged to any insurance company completing estimates for their policyholders. None of the labor rates found in our studies are discounted rates available to Wawanesa General Insurance Company.

The number of shops studied and our selected areas of concentration is a reflection of business we do in the state of California, particularly in the Southern California area. We feel that the 430 repair facilities in this study serve as an adequate number of shops necessary to represent equitable prevailing labor rates.

This information is sent to you for your records and will be kept at our headquarters at 9050 Friars Road, San Diego, CA 92108 for any Market Conduct Survey that is later conducted by your Department. If there are any questions relative to our Labor Rate Survey, please direct those questions to the undersigned at (858) 874-5356, Monday through Friday, between the hours of 8:00 a.m. and 4:30 p.m.

Sincerely,

WAWANESA GENERAL INSURANCE COMPANY

Justin M. Treul  
Claims Manager
