**RE: Labor Rate Survey for Progressive Casualty Insurance Company (Group Code 0155)**

Custodian of Records:

In accordance with California Insurance Code 758 and California Insurance Code of Regulations §2698.91, find enclosed the updated labor rate survey for Progressive Casualty Insurance Company (Group Code 0155). These rates will be effective on or before 02/01/2019.

This survey was completed on January 11, 2019.

7,693 shops were sent surveys, with 2,427 providing a usable response. Prevailing rate was determined by taking the median response of the shops surveyed.

Attached is the public information including a list of the responding shops, the prevailing rate determined for each labor rate zone, and a definition and description of each labor rate zone by zip code. In addition, attached is the non-public information including a list of the shops that did not respond to the survey, a copy of the labor rate survey questionnaire, a list of our "Network" (Direct Repair Program) shops that responded (these shops did not report a discounted rate as Progressive does not require one of them), and a list of the labor rates reported by each shop that responded to the survey.

Please contact me with any questions.

Sincerely,

*Mike Reynolds*
