RE: Auto Body Labor Rate Survey

Dear Madam or Sir:

Workmen's Auto Insurance Company ("Workmen's") became a member of the Mercury Insurance Group holding company system as of January 2, 2015. This acquisition was approved by the Department. Pursuant to approved intercompany services agreements, claims services are handled jointly among the Mercury affiliates, including Workmen's. With respect to auto body repairs, Workmen's will be relying upon the labor rate surveys gathered and filed on behalf of the other Mercury companies, effective immediately. Please attach this notification to Mercury's filed body shop labor rate surveys, and allow it to serve as notice on behalf of Workmen's in accordance with Insurance Code section 758(c).

Please advise if the Department needs any further information.

Regards,

Richard Cook
Product Manager
Workmen's Auto Insurance Company
