VIA EMAIL

Mr. Jeff Chang
Division Head, Product Safety
Product Regulatory Office
American Honda Motor Co., Inc.
1919 Torrance Blvd.
Torrance, CA 90501
Jeff_chang@ahm.honda.com

NEF-101tph
PE22-003

Dear Mr. Chang,

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened a Preliminary Evaluation (PE22-003) to investigate allegations of the engagement of the Collision Mitigation Braking System (CMBS) with no imminent collision hazard present in certain model year (MY) 2018-2019 Honda Accord and 2017-2019 Honda CR-V vehicles manufactured by American Honda Motor Co., Inc. Inadvertent brake application results in a sudden decrease of vehicle speed which could result in a collision. To assist us at this stage of the investigation, ODI is requesting certain information concerning the CMBS, its components, and operation.

This office has received 278 reports alleging engagement of the CMBS with no imminent collision hazard present resulting in a sudden decrease in speed. An electronic copy of each of these reports will be provided to you and the reference numbers are listed below.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject vehicles:** all 2018-2019 Honda Accord vehicles and 2017-2019 Honda CR-V vehicles manufactured for sale or lease in the United States, including, but not limited to, the District of Columbia, and current U.S. territories and possessions.
- **Subject System:** Collision Mitigation Braking System (CMBS) including all associated sensors, control modules, hardware, software, data, actuators and wiring that contributes to the conferral of automated vehicle braking system capabilities manufactured for use as original equipment or service replacement parts.
- **Peer vehicles:** all 2017-2018 Acura RDX, 2017-2019 Honda Civic, 2017-2019 Honda Pilot and 2019 Honda Passport vehicles manufactured for sale or lease in the United States, including, but not limited to, the District of Columbia, and current U.S. territories and possessions.

- **Alleged defect:** the CMBS engages the brakes with no imminent collision hazard present, resulting in a sudden speed decrease which may result in a collision.

- **Honda:** American Honda Motor Co., Inc., all of its past and present officers and employees, whether assigned to its principal offices or any of its field or other locations, including all of its divisions, subsidiaries (whether or not incorporated) and affiliated enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of Honda (including all business units and persons previously referred to), who are or were involved in any way as of January 1, 2002, with any of the following related to the alleged defect in the subject vehicles:
 - a. Design, engineering, analysis, modification, or production (e.g., quality control);
 - b. Testing, assessment, or evaluation;
 - c. Consideration, or recognition of potential or actual defects, reporting, record-keeping, and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, lawsuits, or arbitrations; or
 - d. Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers.

- **Document:** “Document(s)” is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard copy and/or in electronic storage), faxes, mailgrams, telegrams, cables, telex messages, notes, annotations, working papers, drafts, minutes, records, audio and video recordings, data, databases, other information bases, summaries, charts, tables, graphics, other visual displays, photographs, statements, interviews, opinions, reports, newspaper articles, studies, analyses, evaluations, interpretations, contracts, agreements, jottings, agendas, bulletins, notices, announcements, instructions, blueprints, drawings, as-builts, changes, manuals, publications, work schedules, journals, statistical data, desk, portable and computer calendars, appointment books, diaries, travel reports, lists, tabulations, computer printouts, data processing program libraries, data processing inputs and outputs, microfilms, microfiches, statements for services, resolutions, financial statements, governmental records, business records, personnel records, work orders, pleadings, discovery in any form, affidavits, motions, responses to discovery, all transcripts, administrative filings and all mechanical, magnetic, photographic and electronic records or recordings of any kind, including any storage media associated with computers, including, but not limited to, information on hard drives, floppy disks, backup tapes, and zip drives, electronic communications, including but not limited to, the Internet and shall include any drafts or revisions pertaining to any of the foregoing, all other things similar to any of the foregoing, however denominated by Honda, any other data compilations from which information can be obtained, translated if necessary, into a usable form and any other documents. For purposes of this request, any document which contains any

note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, “document(s)” also means any identical copies of the original and all non-identical copies thereof. Any document, record, graph, chart, film, or photograph originally produced in color must be provided in color. Furnish all documents whether verified by Honda or not. If a document is not in the English language, provide both the original document and an English translation of the document.

- **Other Terms:** To the extent that they are used in these information requests, the terms “claim,” “consumer complaint,” “dealer field report,” “field report,” “fire,” “fleet,” “good will,” “make,” “model,” “model year,” “notice,” “property damage,” “property damage claim,” “rollover,” “type,” “warranty,” “warranty adjustment,” and “warranty claim,” whether used in singular or in plural form, have the same meaning as found in 49 C.F.R. § 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests. Insofar as Honda has previously provided a document to ODI, Honda may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please repeat the applicable request verbatim above each response. After Honda’s response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by model and model year, the number of subject vehicles and peer vehicles Honda has manufactured for sale or lease in the United States. Separately, for each subject vehicle manufactured to date by Honda, state the following:
 - a. Vehicle Identification Number (17-character VIN);
 - b. Make;
 - c. Model;
 - d. Model Year;
 - e. Subject system trade / trim name, part number and design version installed as original equipment;
 - i) Software version;
 - ii) Firmware version;
 - iii) Hardware version;
 - f. Date of manufacture (MM/DD/YYYY);
 - g. Date warranty coverage commenced (MM/DD/YYYY); and

- h. The State in the United States where the vehicle was originally sold or leased or delivered for sale or lease (postal abbreviation).

Provide the table in Microsoft Access 2010, or a compatible format, entitled “PRODUCTION DATA.”

- 2. State the number of each of the following, received by Honda, or of which Honda is otherwise aware, which relate to, or may relate to, the alleged defect in the subject vehicles:
 - a. Consumer complaints, including those from fleet operators;
 - b. Field reports, including dealer field reports;
 - c. Reports involving a crash, injury, or fatality;
 - d. Property damage claims;
 - e. Third-party arbitration proceedings, both pending and closed, where Honda is or was a party to the arbitration; and
 - f. Lawsuits, both pending and closed, in which Honda is or was a defendant or codefendant.

For subparts “a” through “f” state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report, and a consumer complaint).

In addition, for items “c” through “f,” provide a summary description of the alleged problem and causal and contributing factors and Honda’s assessment of the problem, with a summary of the significant underlying facts and evidence. For items “e” and “f,” identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

- 3. Separately, for each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
 - a. Honda’s file number or other identifier used;
 - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
 - c. Vehicle owner or fleet name (and fleet contact person), email address and telephone number;
 - d. Vehicle owner or fleet street address, city, state (postal abbreviation), and ZIP code;
 - e. Vehicle Identification Number (17-character VIN);
 - f. Vehicle’s make, model, and model year (please use distinct fields for each data type);
 - g. Vehicle’s mileage at time of incident;
 - h. Incident date (MM/DD/YYYY);
 - i. Report or claim date (MM/DD/YYYY);
 - j. Whether a crash is alleged;
 - k. Whether property damage is alleged;
 - l. Number of alleged injuries, if any; and
 - m. Number of alleged fatalities, if any.

Provide this information in Microsoft Access 2010, or a compatible format, entitled “REQUEST NUMBER TWO DATA.”

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by category (i.e., consumer complaints, field reports, etc.) and describe the method Honda used for organizing the documents. Describe in detail the search methods and search criteria used by Honda to identify the items in response to Request No. 2.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by Honda to date that relate to, or may relate to, the alleged defect in the subject vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. Honda’s claim number;
- b. Vehicle owner or fleet name (and fleet contact person), email address and telephone number;
- c. Vehicle owner or fleet street address, city, state (postal abbreviation), and ZIP code;
- d. Vehicle Identification Number (17-character VIN);
- e. Repair date (MM/DD/YYYY);
- f. Vehicle mileage at time of repair;
- g. Repairing dealer’s or facility’s name, telephone number, city and state or ZIP code;
- h. Labor operation number(s);
- i. Problem code(s);
- j. Diagnostic trouble code(s);
- k. Replacement part number(s) and description(s);
- l. Concern stated by customer;
- m. Cause as stated on the repair order;
- n. Correction as stated on the repair order; and
- o. Additional comments, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2010, or a compatible format, entitled “WARRANTY DATA.”

6. Describe in detail the search methods and search criteria used by Honda to identify the claims in response to Request No. 5, including the labor operations, problem codes, diagnostic trouble codes, part numbers and any other pertinent parameters used.
7. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions, diagnostic trouble codes and diagnostic trouble code descriptions applicable to the alleged defect in the subject vehicles. State whether the diagnostic trouble codes are automatically reported to the warranty database electronically or manually entered into the warranty database by a claims administrator.

8. State, by make and model year, the terms of the new vehicle warranty coverage offered by Honda on the subject vehicles (i.e., the number of months and mileage for which coverage is provided and the vehicle systems that are covered). Describe any extended warranty coverage option(s) that Honda offered for the subject vehicles and state by option, model, and model year, the number of vehicles that are covered under each such extended warranty.
9. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect in the subject vehicles, that Honda has issued to any dealers, regional or zone offices, field offices, fleet purchasers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. Also include the latest draft copy of any communication that Honda is planning to issue within the next 120 days.
10. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, "actions") that relate to, or may relate to, the alleged defect in the subject vehicles that have been conducted, are being conducted, are planned, or are being planned by, or for, Honda. For each such action, provide the following information:
 - a. Action title or identifier;
 - b. The actual or planned start date;
 - c. The actual or expected end date;
 - d. Summary of the subject and objective of the action;
 - e. Engineering group(s)/supplier(s) responsible for designing and for conducting the action; and
 - f. A summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

11. Describe all modifications or changes made by, or on behalf of, Honda in the design, material composition, manufacture, quality control, supply, or installation of the subject system, from the start of production to date, which relate to, or may relate to, the alleged defect in the subject vehicles. For each such modification or change, provide the following information:
 - a. The date or approximate date on which the modification or change was incorporated into vehicle production;
 - b. A detailed description of the modification or change;
 - c. The reason(s) for the modification or change;
 - d. The part number(s) (service and engineering) of the original system;
 - e. The part number(s) (service and engineering) of the modified system;
 - f. The firmware version (service and engineering) of the original system;
 - g. The firmware version (service and engineering) of the modified system);
 - h. Whether the original unmodified system was withdrawn from production and/or sale, and if so, when;
 - i. When the modified system was made available as a service system; and

- j. Whether the modified system can be interchanged with earlier production system.

Also, provide the above information for any modification or change that Honda is aware of which may be incorporated into vehicle production within the next 120 days.

12. How many and what percentage of the subject and peer vehicles are equipped with the subject system? Provide overall values as well as values broken down by trim level and state the subject system availability for each trim (e.g., not available, optional, standard).
13. Describe in detail the differences that exist between the subject system hardware, firmware and/or software configuration and/or integration differences exist between the subject and peer vehicles including but not limited to:
 - a. System suppliers
 - b. Sensor types (sonar, radar, camera, etc.)
 - c. Sensor models
 - d. Number of each sensor type and model installed on each vehicle
 - e. Sensor installed position(s) and orientation(s) on each vehicle
 - f. Sensor position and alignment tolerances
 - g. Sensor mounting hardware
 - h. Sensor field of view and/or beamwidth
 - i. Sensor sightline obstructions (e.g., hood, grill) and obstructed area
 - j. Windshield rake with respect to camera orientation
 - k. Radar beam masking regions
 - l. Sensor calibration
 - m. Software and/or firmware updates to the subject system and their rollout windows
14. Describe in detail any known subject system performance differences between the subject and peer vehicles including but not limited to:
 - a. Detection range envelope for the overall system and for each sensor type and model
 - b. Lane boundary identification
 - c. Vehicle and obstacle identification
 - d. Radar system ground clutter rejection
 - e. Radar cross section (RCS) thresholds
15. Describe in detail the subject system behavior differences throughout its operational speed envelope including but not limited to:
 - a. At what speeds are each of the sensors active?
 - b. At what speeds can each of the sensors trigger a braking event?
 - c. What is the system behavior near any sensor threshold/handoff speeds?
16. Describe in detail the Honda Sensing/Acura Watch system interactions between the following named features with a focus on sensors, decision algorithms and their impact on braking behavior:
 - a. Collision Mitigation Braking System (CMBS)
 - b. Traffic Jam Assist (TJA)
 - c. Lane Keeping Assist System (LKAS)

- d. Adaptive Cruise Control (ACC)
 - e. Road Departure Mitigation (RDM)
17. Describe in detail any known impact of the following environmental factors on subject system performance and any known impact of these factors on the system's ability to detect performance degradation and provide adequate warning to the vehicle operator:
- a. Time of day and ambient lighting level (i.e., brightness)
 - b. Glare from the sun, road surface, other vehicles, heat distortion, etc.
 - c. Precipitation and fog
 - d. Objects with significant RCS that may be able to trigger false positive braking activation (e.g., bridges, railroad crossings, steel plates, guard rails, etc.)
 - e. Road grade, bank, and lane curvature
18. Furnish Honda's assessment of the alleged defect in the subject vehicles, including:
- a. The causal or contributory factor(s);
 - b. The failure mechanism(s);
 - c. The failure mode(s), including the specific operating conditions at which the unnecessary autonomous braking can occur (e.g., vehicle speed, driving scenario);
 - d. The risk to motor vehicle safety that it poses; and
 - e. What warnings, if any, the operator, and the other persons both inside and outside the vehicle would have that the alleged defect was occurring, or subject component was malfunctioning; and
 - f. The reports included with this inquiry.

Legal Authority for This Request

This letter is being sent to Honda pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports. It constitutes a new request for information.

Civil Penalties

Honda's failure to respond promptly and fully to this letter could subject Honda to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) The Vehicle Safety Act, 49 U.S.C. § 30165(a)(3), provides for civil penalties of up to \$24,423 per violation per day, with a maximum of \$122,106,996 for a related series of daily violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. *See* 49 C.F.R. § 578.6(a)(3). This includes failing to respond completely, accurately, or in a timely manner to ODI information requests.

If Honda cannot respond to any specific request or subpart(s) thereof, please state the reason why it is unable to do so. If on the basis of attorney-client, attorney work product, or other privilege, Honda does not submit one or more requested documents or items of information in response to this information request, Honda must provide a privilege log identifying each document or item withheld, and stating the date, subject or title, the name and position of the person(s) from, and

the person(s) to whom it was sent, and the name and position of any other recipient (to include all carbon copies or blind carbon copies), the nature of that information or material, and the basis for the claim of privilege and why that privilege applies.

Confidential Business Information

If Honda's response contains any information that you claim is confidential business information, Honda must request two secure electronic file transfer links from Thomas Haugh at thomas.haugh@dot.gov. One secure electronic file transfer link is for your request for confidential treatment and will be directed to NHTSA's Office of the Chief Counsel. Please see the enclosure for additional instructions on submitting a request for confidential treatment that is compliant with 49 C.F.R. Part 512 (specifically, a request for confidential treatment must include the four required parts that are discussed in the enclosure). The second secure electronic file transfer link is for your non-confidential response to this letter. Do not submit any confidential business information along with your non-confidential submission. Please refer to PE22-003 in Honda's response to this letter and in a request for confidential treatment that Honda may submit.

Due Date

Honda's response to this letter must be submitted to this office by **August 12, 2022**. If Honda finds that it is unable to provide all of the information requested within the time allotted, Honda must request an extension from me at (202) 366-4925 no later than five business days before the response due date. If Honda is unable to provide all of the information requested by the original deadline, it must submit a partial response by the original deadline with whatever information Honda then has available, even if an extension has been granted.

If you have any technical questions concerning this matter, please call Thomas Haugh of my staff at (202) 366-2252.

Sincerely,

Sharon L Yukevich

Sharon Yukevich, Chief
Vehicle Defects Division A
Office of Defects Investigation

Enclosure: Information for Requests for Confidential Treatment.

The subject reports referenced in the introduction of this letter may be viewed at the NHTSA.gov website using the following ODI reference numbers:

ENCLOSURE – INFORMATION FOR REQUESTS FOR CONFIDENTIAL TREATMENT

If you believe that your response contains any material that you claim is confidential business information, submit these materials to NHTSA’s Office of the Chief Counsel in accordance with 49 C.F.R. Part 512. **All requests for confidential treatment must be submitted directly to the Office of the Chief Counsel. Upon request, ODI will provide you with a secure file transfer link for your submission to the Office of the Chief Counsel.**

Requests for confidential treatment are governed by Part 512. A current version of this regulation is available on the internet at <http://www.ecfr.gov> by selecting Title 49 “Transportation,” selecting “Parts 500 – 599” and then selecting Part 512 “Confidential Business Information.”

How to request confidential treatment:

NHTSA is currently treating electronic submission as an acceptable method for submitting confidential business information to the agency under Part 512. If you claim that any of the information or documents provided in your response constitutes confidential business information within the meaning of 5 U.S.C. § 552(b)(4) or are protected from disclosure pursuant to 18 U.S.C. § 1905, you must request a secure file transfer link from the ODI contact listed in your Information Request. ODI will copy a representative from the Office of the Chief Counsel on the secure file transfer link for your request for confidential treatment. You must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with Part 512, to the Office of the Chief Counsel. Do not send a hardcopy of a request for confidential treatment to NHTSA’s headquarters.

Your request must include a request letter that contains supporting information, pursuant to Part 512.8. Your request must also include a certificate, pursuant to Part 512.4(b) and Part 512, Appendix A.

You are required to submit one unredacted “confidential version” of the information for which you are seeking confidential treatment. Pursuant to Part 512.6, the words “ENTIRE PAGE CONFIDENTIAL BUSINESS INFORMATION” or “CONFIDENTIAL BUSINESS INFORMATION CONTAINED WITHIN BRACKETS” (as applicable) must appear at the top of each page containing information claimed to be confidential. In the latter situation, where not all information on the page is claimed to be confidential, identify each item of information for which confidentiality is requested within brackets: “[].”

You are also required to submit one redacted “public version” of the information for which you are seeking confidential treatment. Pursuant to Part 512.5(a)(2), the redacted “public version” should include redactions of any information for which you are seeking confidential treatment (i.e., the only information that should be unredacted is information for which you are **not** seeking confidential treatment).

For questions about a request for confidential treatment, please contact Dan Rabinovitz in the Office of the Chief Counsel at Daniel.Rabinovitz@dot.gov or (202)366-8534.
