Allstate Northbrook Indemnity Company (“Allstate”) will be extending the useful life of the Non-Standard Labor Rate Survey (“Survey”) submitted March 1, 2024.

Enclosed please find the attached adjustment to the Allstate Labor Rate Survey (“Survey”) that was previously filed on March 1, 2024. The adjustment, effective for April 1, 2025, is based on the monthly Consumer Price Index for All Urban Consumers for California (“California CPI-U”). The resulting adjustment is an increase of 3.1% to the prevailing market rates for each labor rate category in each geographic area.

No other changes have been made to the Survey.

We believe the resulting labor rates accurately reflect the existing market and will allow for the fair and reasonable settlement of claims.
